WATSESSING CLUB WON OPENING GAME WITH FOREST HILL F. C.

A Came Murked by Heavy Mitting and Large Scores-Watsessings will Play on the Orange Oval this Afternoon-The Bloomfield Field Club will Open the Season To-day on the Williamson Avenue Grounds-Other Base-ball Cames.

The Watsessing Base-ball Club will way the Orange Athletic Club this afternoon on the Orange Oval, Heretofore a game with the Orange A. C. has always meant certain defeat for the Watsessings. The Watsessing Club has defeated clubs that have defeated the Orange Club, but has never yet put up a good game against Orange. A band of loyal rooters has never falled to go to the oval with the home club and give all the encouragement that can be derived from cheers and applause, but it has always proved wasted energy. The rooters will be on hand again this afternoon and will be as chipper in hope and enthusiasm as ever, and there is a feeling in the air that they will be rewarded for their faithfulness if not by a victory by a good game at least, in which the home club will acquit itself with deserving credit. Manager Mills of the Orange team expects the Watsessings to make the game an exciting one, and it is hoped that he will not be disappointed in his expectation.

. Those persons who attended the baseball game Saturday afternoon on the Forest Hill Field Club's grounds between the Watsessing Base-ball Club and the Forest Hill Field Club got a good twenty-five cents worth of base-ball. It was not one of those monotonous pitchers battles, but an animated game of betting and base running. Twenty safe hits were made on each side, and each club made a big score, and it took ten innings to finish the game. The base, and three-base hits were made on both sides, and one home run.

The game opened favorably for the Porcet Hills. Waterseing went first to the bat and was abut out and the Hillers scored two. Watsessing scored one in the second inning and the Hillers again scored two, and the Forest Hill people were enthusiastic over the prospects of victory, but in the fith inning the visiting olub pounded the ball all over the field and scored five runs. Then the Forest people began to realize that victory was not at all assured, and when in the sixth inning four more runs were scored. Underbill was substituted for Hinni in the pitcher's box. In the tenth inning the Watsessings got another batting streak and scored

It was a day of hard hitting on the part of both aggregations. The visitors played good ball, and Durning, who at first was hit for several bases, improved after the second round, and was still in the pink of condition when he entered the ring for his tenth round. His batting was a feature, also that of C. Dalley, A Dalley and Ferguson. Giles of the home team was the idol of the Hillers and he earned that choice feeling which so plainly showed itself among the spectators. With two on bases in the initial inping he batted out a two-bagger. In the second inning he planted another for two tacks with the cushions covered, and brought in two of them. In the tenth he placed a line ball to Hambacher, who missed it, and on this error he cleared the bases. The game was a most interesting contest. The

The Bloomfield High School base-ball team will play the Passaic High School team this morning on the Gien Ridge outing grounds.

The followers of the Watsessing Club were much pleased with Catcher Burdette's work in the Forest Hill game Saturday, and regard him as a valuable equisition to the team.

Pitcher William Durning of the Watseeding team is threatened with an abscess on the right arm, which may prevent his taking part is the game at the Orange Oval this afternoon.

The Bloomfeld Field Club has organized a base-ball team, which will play all the strong teams of this vicinity, and it is believed will be able to put up a first. class game in every respect. It is designed to represent this town in the line of purely amateur base-ball and desires the support of the townsmen, both financially and in attendance.

The grounds are on Williamson avenue and Liberty street. This afternoon they will cross bats with the strong American Woollen Company team from New York city at 3.30 o'clock. The visiting team will have a very strong battery, having last year defeated the Madison A. A. by a score of 2-1.

The Bloomfield Field Club will line-up as follows: Walters, catcher; J. Maxfield, pitcher; C. Hague, first base; Effrey and Shorter, second base; F. Baldwin, short-stop; MacLean, third base; W. Maxfield, left field; E. Mix, centre field; McQuinn and Ackerman, right field. Jack Maxfield has been elected captain and Mr. Chas. T. Adams

Owing to the great success of the entertainment given in Central Hall on Friday night of last week, under the auspices of the High School Athletic Association, the entert-inment will be repeated Monday evening, the 16th inst. It is no mere stereotyped theatrical phrase, that many were turned away Friday night on account of the crowded state of the hall. It was actually sor and the many who were turned away, and those who could not see to advantage on account of the crowd will have an opportunity Monday night to enjoy the play. There will be special music for dancing from ten till twelve o'clock.

The musical selections in "Box and Cox" were sung very well indeed, if somewhat nervously at first, and the play proved extremely entertaining. Mr. Weber acted the part of B x with remarkable force and consistency, and Mr. Stone as Cox showed a reserve that suited his part admirably and was especially fu my in the recognition of his "long lost brother." Miss Fitch's songs were the features of the play, and her acting was quite as good as her

The Civies Union

The Organization Committee of the Civice Union held a meeting on Tuesday night and continued work on the constitution and by-laws of the Union. The object of the Union sa set forth in the article of organization " is to establish the principle of non-partisan control of school affairs; to raise the standard of individual citizenship; to secure good local government, and through these agencies to promote the general welfare

of the community." The Organization Committee will meet again Tuesday evening, the 17th inst.

The annual report of the Civics Club of the Oranges has just been issued, and it is claimed for that organization that it has done effective work in the past year along these lin s:

"It has co-operated with the State Civic Federation in formulating a bill for a ratiroad commission, which is now in auch shape as to come before the Legislature at its next session.

" It has been instrumental in having the use of soft coal discontinued on the Erie Railroad.

" It was, lastly, but by no means least the first organization to arouse opposition to the payment of any share of the expense of track elevation on the part of the municipality. In fact, it may be said that the refusal of Council to adopt the ordinance first submitted by the Luckawanna road was crystallized and shaped by public opinion as expressed brough the Civics Club.

"The water question has been freely discussed by the club, and the result of its investigations has been embodied in an able report.

"The club has co-operated with other organizations on the subjects of equal taxation, the dependents of the State, the abolishment of nulsances in residences and tenement houses, and other matters. It has pointed out weak points in cases when they existed, and has commended the municipal service when such occasion srose, in such instances as Mayor Stetson's last message, Alderman Perry's attitude on the track eleva-

"It has discussed various questions, such as the police and the fire commission (which was planned, but which failed to take shape), the cleaning of aidewalks of anow, uniformity in the number of streets and numbering of houses; the suppression of careless brush fires by boys, through the school authorities—in many instances making auggestions on which the proper authorities took action.

A FINE MUSICALE

Given by the Enterpean Society lw Berkeley School Hall-Close of s Successful Scason of the Berkeley Neighborhood Club-Brief Review of the Club's Work and its Appreciation by the People.

The Berkeley School Neighborhood Club cl:sed its third year with a musicale on Friday evening, May 6, in the assembly room of the Berkeley School, Though the evening was warm and the room crowded even to standing room. the audience was well repaid by the excellence of the music.

The Euterpean Orchestra is doing remarkably good work this year under the leadership of Mr. Walter Morrie, and the music, notably the march from Tannhauser, was a treat. Miss Helen MacDermid of Jersey City, gave two soprano solos, which were well received and responded to an encore. Mr. Henry Gaillen of East Grange, favored the audience with two tenor solos and an encore, which were much enjoyed. A male quartette from Hackettstown, consisting of Mr. Herbert Ellor, Mr. Frank Quinby, Mr. John Aibisson, and Mr. William Ayers delighted the audience with several selections and were most enthusiastically received.

At the close of the musicale, Mr. Samuel Ellor, President of the club, made a few apt remarks. He began by saying that the Berkeley School Neighborhood Club was a most remarkable organization in that it had furnished to the people of the district many delightful musical and literary evenings for three years, and still, as the German said, "didn't make no expense." And because of this, the people were deeply indebted to those who so kindly gave their services. Especial mention was made of the Euterpean Orshestra, who have twice played for the club; Rev. George Louis Curtis, who gave an llustrated lecture on the Boly Land in the early winter, and Mrs. Margaret E. Sangeter, who delighted the audience with her charming address to them in January. The artistic-programmes used on Priday evening were donated by Mr. Robert Betts.

Mr. Elior said that theaks were due to the Board of Education, through whose kindness a well-heated, and welllighted assembly room was furnished for the entertainmente; to Mr. Weden, the janitor, who has given willing serwhen in the interests of the organization, and to Miss Martin, the principal of the school, who originated the sebeme of forming the club, and who had worked energetically in its-interest and was "the power behind the throne" in making it a success.

For three years the Berkeley School Neighborhood Club has been in existence, growing more and more popular each year, if possible. The assembly room of the Berkeley School has been crowded to its utmost capacity at each meeting this year. Much time and trouble has been given to the work, but ample reward has been secured in the increase of kindly sympathy and hearty. co-operation on the part of the parentein school matters.

Call Accepted.

The congregation of the First Baptist Church received word Thursday night that the Rev. F. W. Bule had accepted the call to the pastorate of that church extended to him on April 26. The Rev. Mr. Bule preached here in the Bantlet Church on Sunday, April 17, and with great satisfaction to the congregation, and a unanimous call was extended to him, and his acceptance of it is a source of gratification to the members of the

THE SAVINGS BANK

TO THE PUBLIC.

Who the New Homogero Are-Thole-Object in Taking Control of the Bank-Attention Called to the Commendable Features of New Jersey Savinge Banks.

The movement undertaken over # year ago to dissolve the Bloomfield Savings Institution and distribute the surplus among the depositors has been abandoned, and the Savings Institute will be continued as one of the financial institutions of the town. A new Board of Managers has been elected and has assumed charge of the affairs of the bank. The new management has issued the following circular letter to the depositors:

BLOOMPIELD, N. J., May 9, 1904. To the present and former depositors of the Bloomfield Savings Institution and to the public:

You are respectfully informed, and your personal attention is called to the fact, that it has been agreed in the suit brought in behalf of the depositors of the Bloomfield Savings Institution to prevent the dissolution and winding up of such Institution, that a d-cree shall be entered setting aside the action of the former Board of Managers, whereby the Bicomfield Savings Institution was to have been dissolved on December 31, 1904; and that, as a further result of the proceedings in this matter, the former Board of Managers and its officers have resigned their positions, and a new Board of Managers consisting of Frank S. Benson, Howard P. Davis, Alfred H. Edgerly, David G. Garabrant, Williams L. Johnson, John G. Keyler, John A. Lawrence, James H. Moore, Charles J. Murray, Peter J. Quinn, Charles L. Seibert, Theodore H. Ward and George M. Wood, has been duly elected, and their election approved by Commissioner of Benking, and that the new Board took sharge of the business of the lustitution on May 7th, and organized by the election of Mr. Theodore H. Ward, President, Mr. John G. Keyler, Vice-President, Mr. Howard Biddulph, Treasurep and Secretary, and Halsey M. Barnett, Ezq., Counsel.

The Bank now has about twelve hundred-secousts and three hundred and fifty thousand dollars (\$350,000) of deposite, while its surplus amounts to note than asyeaty, thousand dollars

The new Board of Managers is come pesed of well known and responsible olthogs of our town, many of whom have been fee many years, and still are, depositors in this Institution, and in taking charge of its affairs they have beer actuated solely by the desire to preserve to the depositors and to the people of Bloomfield a savings bank, wherein all persons may deposit their savings, and receive interest thereon. and thus aid such persons is habits of economy and saving and thrift.

The savings banks of New Jersey are among the most prosperous in the country, and the average account of sanh depositor in such banks in this State in exceeded in only one or two States. This savings bank has for more than thirty years been of great service to the people of this community in the particulars mentioned, and the character and standing of its present Board of Mansgers, and its large surplus of more than seventy thousand dollars, furnish the strongest guaranty that it will continue to be of great and similar service in the

We invite former depositors who may have withdrawn all or any part of their accounts, and particularly those who have transferred their accounts to other financial institutions, to return their accounts to the Bioomfield Savings Institation, and also to increase their deposits, and we call the attention of the publie to the fact that the Bloomfield Savings Institution as at present conducted, offers ample facilities to its patrons and depositors, and that all accounts, whether large or small, will be accepted subject to the by-laws and rules of the

The laws of this State regulating and controlling the investment of the funds of savings banks, are strict, and are conservative-much more strict and sonservative than those regulating the investment of the funds of trust companies, or other financial institutions. and by reason of these restrictions. money deposited in savings banks is not subject to the special hazard of unauthorized and speculative investments.
